Reached 22.6 M people

during World Autism Month to increase understanding and acceptance of autism

In April 2020 we partnered with MacART and CASDA on the Pandemic Canadian Autism Needs Assessment Survey to understand the impacts of COVID-19 on autistic Canadians and their families

1,066 participants with 21% identifying as autistic

Since 2007 over **\$15 M+**

was raised by Autism Speaks Canada Walk participants to support the autism community

Since 2006 funded over **\$9.9 M** in science

grants and fellowships

Alongside CASDA, continue to advocate for development and implementation of a robust

National Autism Strategy

Launched Two Autism Care Network sites

in Canada aimed at improving health and quality of life for autistic children and their families

Since 2010 funded **\$4.3 M**

to 184 projects across the country promoting collaboration and building capacity

Co-host job fairs

with Spectrum Works to match autistic individuals with potential employers across Canada

Partnered with Toys R Us for **Developmental Play Packs**

designed for kids with autism to help encourage developmental milestones through play

Since April 2020 **19,000+ people**

have accessed COVID-19 related free resources and useful information on our website

Since 2016 provided free access to critical information and support:

26,000+ toolkits

downloaded by families and professionals

Raised \$3.5M

to support autism research to provide innovative precision medicine and personalized healthcare

Since 2014 we have gifted more than

5,200 devices

to individuals with autism and service organizations with the help of Samsung Canada

Since 2017 the Autism Response Team supported

1.2K

unique individuals from the autism community in Canada
